Disaster Assistance Programs Payments Issued

Farm Service Agency offices have begun to issue payments for eligible producers applying for benefits with the Livestock Compensation Program (LCP), and the Crop Disaster Program (CDP). Wibaux has paid out \$94,386 as of January third. Crop Disaster Payments will be made this week and continue until all paperwork is completed for each folder. We thank you for your participation and appreciate your patience

The Crop Disaster Program has been changed and crop losses for 2007 have been added to the program. If you feel you had crop losses for 2007, please call the office for further explanation of the program or to make an appointment to discuss eligibility.

Dairy Disaster Aid Program Signup Begins

Signup began December 3rd for the Dairy Disaster Assistance Payment (DDAP-III) Program. DDAP-III will provide benefits to eligible dairy producers who suffered production losses during a variety of adverse weather conditions. Eligible counties are those counties that were declared a natural disaster in 2005 and/or 2006 and January/February 2007.

Production losses must have occurred between January 1, 2005, and February 28, 2007 due to natural disasters.

The program provides benefits to dairy producers for production losses that occurred between January 1, 2005, and February 28, 2007. It compensates dairy producers who may have incurred decreases in annual production because of cattle and yield losses.

Comments may be made on DDAP-III until December 26, 2007. The proposed rules may be found on the Montana FSA website at <http://www.fsa.usda.gov/mt> under "In the News." Comments should include the volume, date and page number of the issue of the Federal Register. Comments may be made by e-mail, fax or regular mail.

- Fax: 202/690-1536
- Online: <http://www.regulations.gov> and follow the online instructions for submitting comments.

Change in Farming Operation or Address

Producers are reminded to notify this office to report change in address or ownership. This is vital to assist this office in keeping records.

Change in Direct Deposit Account

The Debt Collection Act of 1996 mandates that payments from FSA be directly deposited into a producer's checking or savings bank account. It is important that any change in the producer's account such as type of account, bank mergers, routing number or account numbers be provided to the county office promptly to avoid possible payment delay.

Submission of Applications via E-Government

As required by the Freedom to E-File Act, eForms provides customers with the option to electronically access, fill out, and print paper forms, or obtain secure electronic access credentials for signing and transmitting forms and other documents electronically to their local Service Center. Level 2 access is required. Step-by-step instructions are available on the Montana FSA website at <http://www.fsa.usda.gov/mt> explaining the Level 2 access process. Contact the local county FSA office to complete your Level 2 registration.

Controlled Substance

Any person who is convicted under federal or state law of a controlled substance may be ineligible for USDA payments or benefits. Violations include planting, harvesting, possessing or growing a prohibited plant. Prohibited plants include marijuana, opium poppies and other drug producing plants.

Farm Loans:

FSA offers direct and guaranteed farm ownership and operating loan programs to farmers and ranchers who are temporarily unable to obtain private commercial credit. Rural youth loans, Beginning Farmer and Rancher, and assistance for socially disadvantaged persons are also available.

January 31 Deadline to Request 2007 Wool and Mohair Loans and LDPs

Wool and mohair producers have until January 31 to apply for either a nine-month, nonrecourse marketing assistance loan or a Loan Deficiency Payment (LDP) for 2007-crop wool or mohair.

The national loan rate for ungraded wool offered as collateral will secure a non-recourse loan made at a rate of 40 cents per pound. For graded wool, loans will be based on the statutory rate of \$1.00 per pound. Producers who desire a non-recourse loan for mohair will receive the statutory rate of \$4.20 per pound. Loan rates will be adjusted based on a schedule of quality premiums and discounts applicable to the 2007 marketing year. The repayment amount per pound for mohair and for both graded and ungraded wool will be announced at close of business each Tuesday, and can be found on the Montana FSA website at:
<http://www.fsa.usda.gov/mt>.

For Montana the loan rates are divided into two regions by county. Producers should pick the correct region for their operation and then check the posted rates at:
<http://www.fsa.usda.gov/dafp/psd/MKTPRICLEAN2.htm> for region 2 counties and at:
<http://www.fsa.usda.gov/dafp/psd/MKTPRICLEAN3.htm> for region 3 counties. Wibaux is in region 2.

Instead of obtaining a loan, producers may request LDPs on these commodities. The LDP rates will be the difference between the per pound loan rate and the weekly announced repayment rate. The repayment prices reflect prices being offered in the current market.

Under Represented Groups

FSA solicits and accepts nominations of under represented groups such as females and minority (American Indian or Alaska Native, Asian, Black/African American, Hispanic/Latino, Native Hawaiian or Other Pacific Islander) producers for county committee representation. Please notify this office if you wish to be identified as a minority producer. Females are the under-represented group in Wibaux County. At this time Bettye Knight is the Minority Advisor for women.

Census of Agriculture Coming Soon

Beginning December 28, 2007, the National Agriculture Statistics Service (NASS) will mail out Census of Agriculture forms to collect data for the 2007 calendar year. Completed forms are due by February 4, 2008. Forms may be returned by mail or, for the first time, forms may be filled out online via a secure web site.

Conducted every five years by USDA, the Census is a complete count of the nation's farm and ranches and the people who operate them. The Census looks at land use and ownership, operator characteristics, production practices, income and expenditures and other topics. The Census provides the only source of uniform, comprehensive agricultural data for every county in the nation. We thank those who have completed the survey and encourage all to do so.

For more information about the 2007 Census of Agriculture, contact the NASS Montana Field Office at 406/441-1240 or 1-800-835-2612 or logon to the Montana Agriculture Statistics website at <http://www.agcensus.usda.gov>.

Crop Reporting for 2008

We are working on "colored maps" for producers! When you receive your crop reporting packet, there will be a colored map for each tract on your farm. YOU MUST retain this map for your records. Any crop reporting will be done on the black and white maps. We are working with new technology and following all requirements. Please look for errors, but do expect them to look a little different.
